BREEDER'S DIRECTORY. 2009.

The continuing success of this service depends very largely on the quality of the dogs sold through this Directory. Before any of the breeders listed were accepted they had to satisfy a number of conditions set down by the Board, designed to ensure that the fewer buyers possible would be disappointed. Very occasionally a dog from even the most carefully selected bloodlines will be a failure at work, but unless the individual breeder clearly states otherwise, his stock is guaranteed. A refund or replacement can usually be obtained subject to the return of the original purchase in good condition, together with reasonable assurance that it has been given proper care, nutrition and opportunity. The only way we can ensure *that the dogs sold through this directory remain of high quality is by hearing from the people who buy them.* The receipt of reports of pups sold is of the utmost value to the Breeder and his Council in their efforts to safeguard your investment. Through this directory is compiled with all possible care, the Council cannot, of course, accept direct responsibility for the dogs bought through it; nevertheless it will always work within its powers in looking after the interests of buyers and sellers alike.

Disclaimer. Because of the obvious impossibility of ensuring that the advertisements in the News Bulletins comply with the Trade Practice Act 1974. The WKC accepts no responsibility for statements or opinions expressed by its breeders.
